

## Welding Training Directions

The training will occur in the weld shop, room 109, of Stratford Northwestern S.S (428 Forman Avenue). From Huron St (HWY 8) you turn north on Forman Ave. (look for the Tim Horton's on opposite corner). Continue north on Forman St until you reach Oakdale Ave and turn left. Once on Oakdale Ave, running beside the school, there will be a driveway to the right as you round the curve that leads to parking behind the shops. This driveway is between Stratford Northwestern and St. Michael S.S. which are attached.

Maps are located below. We are looking forward to seeing you all at the school.

Regards,  
TTG

Driveway leads to parking at back of weld shop (R109)
